

Membership Form 2022

About the Minnesota Coalition for the Homeless

It takes different sectors working together to create a movement to end homelessness. We support the entire continuum of housing solutions including preventing homelessness, shelter, transitional housing, housing with supportive services, affordable housing development and homeownership opportunities.

For almost 40 years, the Minnesota Coalition for the Homeless (MCH) has generated public policies, community support, and local resources to end homelessness in Minnesota.

We bring communities together to advance policy solutions at the State Capitol. Together, with 70+ member organizations throughout the state, we create a better future for our community.

Why Join the Coalition?

Return on your investment.

For member organizations, annual dues at MCH are a modest investment with a huge return for nonprofits and communities. In recent years, our coalition has secured nearly \$600 million in state funds for affordable housing development and services for Minnesotans experiencing homelessness. MCH does not receive any of the funds for which we advocate. Instead, these funds go directly to service providers, housing developers, and other organizations who create and maintain a full continuum of affordable housing options across Minnesota. In 2021, for every dollar invested in our work, we helped return \$150 to address homelessness and to build/preserve homes. *In 2022, your organization can choose to support MCH more deeply by increasing your member support to the Leader or Champion level.*

Expand your statewide professional network.

MCH convenes the full spectrum of people, organizations, and companies who care about housing stability. Our annual two-day conference and Homeless Day on the Hill bring together hundreds of advocates each year, including people experiencing homelessness, community members, direct service providers, executives, housing developers, funders, and policy makers.

Stand by your values.

Shelter saves lives. Housing ends homelessness. MCH member organizations care about Minnesotans experiencing homelessness and housing instability. You are joining a community of advocates working to create stable housing--which results in stronger neighborhoods, classrooms, and communities. Our members stand with a movement of other organizations for a cause they believe in and a coalition that is strong and effective.

Membership Benefits

- Discounted annual conference registration
- Visibility on MCH's website and annual report by level
- Opportunity to submit speaking proposals
- Free Trainings
 - Legislative Advocacy
 - Social Media
